

# Junior Program featuring Quickstart

Quickstart Tennis is an exciting new play format for learning tennis. It is designed to bring kids into the game by utilizing specialized equipment, shorter court dimensions and modified scoring, all tailored to age and size.

## Orange Ball Ages 8 & Older

### Courts

The orange ball court is 60'x 21' or 60'x 27' for doubles.

### Balls

Kids need a ball that is sized and paced to their playing abilities. A regulation tennis ball moves too fast, bounces too high and is too heavy for the smaller racquet. Each age group, therefore, uses a ball better suited to their size and unique playing ability. Balls for the 10 and under are orange, a 50 % compression ball that is faster and travels farther than the red ball. However, it still has slower speed and a lower bounce than the original tennis ball.
