

Junior Program featuring Quickstart

Quickstart Tennis is an exciting new play format for learning tennis. It is designed to bring kids into the game by utilizing specialized equipment, shorter court dimensions and modified scoring, all tailored to age and size.

Red Ball Ages 5 & Older

Courts

The court dimensions for the five- to eight-year-olds are 36' long and 18' wide.

Balls

Kids need a ball that is sized and paced to their playing abilities. A regulation tennis ball moves too fast, bounces too high and is too heavy for the smaller racquet. Each age group, therefore, uses a ball better suited to their size and unique playing ability. For 8 & under, a foam ball or a very low-compression ball moves slower, bounces lower and travels less distance, which makes it easier for the child to play.
